According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number for this information collection is 0581-0032. The time required to complete this information collection is estimated to average .5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at 711. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at [How to File a Program Discrimination Complaint](#) and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov.

USDA is an equal opportunity provider, employer, and lender.

Market Administrator Guidelines for Application of §1000.40(e)

§1000.40(e) Other uses. Other uses include skim milk and butterfat used in any product described in this section that is dumped, used for animal feed, destroyed, or lost by a handler in a vehicular accident, flood, fire, or similar occurrence beyond the handler's control. Such uses of skim milk and butterfat shall be assigned to the lowest priced class for the month to the extent that the quantities destroyed or lost can be verified from records satisfactory to the market administrator.

Dumped Milk

- Can include bulk or packaged products;
- Can include “used to produce” (UTP) products, but must not be double accounted for in both UTP and dumps;
- Products must be measured and tested;
- Products must be returned to, and/or assembled at a facility under the control of the reporting handler to create a complete accounting of product receipts and utilization, and financial credit has no bearing on allowing the product to be reported as dumped;
- Prior approval is not mandatory, but the next business day is required, with the exception of normal, ongoing packaged product dumps which may be allowed without notice if a monthly recap of volumes is submitted prior to filing the pool report;
- Line rinse is not typically allowed, however, uncontaminated line rinse (milk washed from lines with only added water) may qualify if it meets the Market Administrator's requirements for measurement and testing; and
- Dumps that have been requested by a handler, and not disapproved prior to pool, must be shown as utilization on the market report.

Animal Feed

- Can include bulk or packaged products;
- Can include “used to produce” (UTP) products, but must not be double accounted for in both UTP and dumps;
- Products must be measured and tested;
- Products must be returned to, and/or assembled at a facility under the control of the reporting handler to create a complete accounting of product receipts and utilization, and financial credit has no bearing on allowing the product to be reported as animal feed;
- There must be a signed form from the farmer and access to the farm location;
- Reporting will be similar to dumped milk in terms of inclusion on the market report.

Accidental Loss

- Product was lost and is, therefore, not measurable, but documentation is still provided by the reporting handler;
- Notice of the loss must be received by the next business day after the event has occurred;
- Anything within the handler's control is not an accidental loss;
- Should not include employee error;
- Should be limited to “acts of nature” and extraordinary situations or circumstances; and
- In these situations, volume or frequency or “outside the normal operations” can help define what is considered extraordinary.

-
1. These guidelines are intended as general guidelines that MA offices should follow when formulating product loss policies.
 2. These guidelines cannot anticipate all future product loss scenarios. They are intended as an aid to decision makers when unanticipated scenarios occur.
 3. It is unrealistic to believe these guidelines will guarantee that all product loss incidents will be handled identically across all orders due to local laws and regulations. The intention of these guidelines is that decision makers will draw upon the same basic criteria when making product loss decisions.
